# GLADIOLI

## Special Offer of Cut Blooms and Bulbs

SEASON 1902

Mixed Blooms of Gladioli.

Having under cultivation over two million (2,000,000) Gladioli bulbs, we are in position to furnish cut blooms and bulbs in any quantity at very low prices and solicit correspondence. At height of the season we will supply cut blooms in fine mixture at 75c. per 100, or \$6.00 per 1,000, lightly crated and delivered to any boat or express company in city. Prices on special colors on application. Manhattan and Brooklyn supplied from our delivery wagons at market prices. Special prices made when calling for flowers at nurseries.

# Headquarters for **EVERYTHING IN PANSIES.**

HALF TONE FROM PHOTO (REDUCED) OF

**2632. New York Giant Market Blend.**

For description and prices see last outside cover page.

Half tone from Photo (half natural size) of our **Pansy Plants**, showing wonderful Root development.

We have added all the Novelties and New Varieties in Pansies this season to our 'already Complete Collection.' We can truthfully continue to state that we have **"EVERYTHING KNOWN IN PANSIES,"** as this list contains the cream of over twenty growers and specialists in Pansies abroad and at home.

**PANSY PLANTS.** In our Clovena Nurseries, "Home of the Pansies," we are growing Pansies in over 100 distinct colors and varieties. The wonderful root development, as shown in photo of plant, is caused by the

special character and condition of the soil. We can grow extra fine Pansy Plants cheaper than any other grower owing to the natural advantage of soil and moisture. Plants grown in large numbers under contract at special prices, either from seed furnished or from our own.

<b>Rubber Plants</b> , 6-in. pots, 20 to 24 inches high .....	6 50	50 00

# The Best Pansies for Florists.

## OUR BLENDS

Our seeds are grown and saved in separate colors and strains, and blended after harvest by set formulas, thus securing uniform mixture that can be depended upon. This season we have greatly improved each blend by discarding many kinds for improved sorts and adding many new colors and markings, without advancing the old popular prices.

**2632. NEW YORK GIANT MARKET BLEND.**—A mixture of robust, hardy, free flowering giants of fine colors, with a good percentage of yellow, blotched and light grounds. We grow and harvest the seed in separate kinds and colors from the best large flowering plants, and make the stock up from a set formula by blending the proper quantities of each together, thus securing an even and uniform strain that is so popular and in great demand around New York City. While the blend will not produce the variety of colors and flowers of as great substance as our New York Fancy Show Blend No. 2710, it is a very fine mixture of large-flowering kinds, and suitable for florists who need a real first-class stock and yet compete with rivals at moderate prices. For illustration from photo reduced, see Page 3. Price of seed, prepaid, packet of 125 seeds, 7 cents. Trade packet of 2,000 seeds, 50 cents. Trade packet of 5,000 seeds, \$1.00. Ounce, \$2.50. Strong plants, 100, 40 cents; 1,000, \$2.75; 2,000, \$5.22; 5,000, \$12.38.

**2709. NEW BUTTERCUP BLEND.**—This is an extra mixture of yellow and golden-flowering kinds selected from all races, and is grown and treated the same as 2632 to secure uniform quality. We guarantee that every plant will produce flowers with yellow or gold in them—from solid yellow in different shades to spotted, marbled, blotched and banded flowers in fire and gold. Where the fashion requires yellow in pansies, this is the best for florists' use and far ahead of the yellow kinds offered for this purpose, it being varied in the shades of yellow and gold. Price of seed, prepaid, packet of 125 seeds, 8c. Trade packet, 2,000 seeds, 60c. Trade packet, 5,000 seeds, \$1.20. Ounce, \$3.00. Strong plants, 100, 40c.; 1,000, \$3.00; 2,000, \$5.70; 5,000, \$13.50.

**2710. NEW YORK IMPROVED FANCY SHOW BLEND.**—For variety of color, shades and markings it has no equal, as it is made up after harvest, from 60 best and newest colors, besides over a dozen celebrated strains and mixtures selected from all classes and races, with the principal object of getting the best bloom of extra substance and perfect formed giants in the choicest dark colors and shades. Over 100 distinct colors and markings are produced from this blend, many of which are exhibition, and therefore it is the best **High Grade Florists' Mixture** ever offered.

HALF-TONE FROM PHOTO (REDUCED) OF

**2710. New York Improved Fancy Show Blend.**

We have many customers who write that this blend produces better and more colors than the \$8.00 to \$12.00 mixture offered by other seedsmen. We have again improved it by adding many new colors this year, but keep to the popular old price of 125 seeds, 10c. Trade packet, 2,000 seeds, 80c. Trade packet, 5,000 seeds, \$1.60. Ounce, \$4.00. Strong plants, 100, 50c.; 1,000, \$3.50; 2,000, \$6.65; 5,000, \$15.75.

**2737. PRIZE MEDAL AWARD.**—We offer this mixture to fill a demand for strictly fancy exhibition prize stock, and recommend it to those who wish to exhibit at high class shows or those who take great pains in the growth and development of the pansy. It is made up from seed saved from numbered and named prize awarded plants of rare blotched kinds, penciled and marked in greatest perfection, so desirable, yet so difficult to develop. It does not contain any selves or as great a variety of colors as our Fancy Show Blend, No. 2710, and is not intended for ordinary bedding or florists' sale stock, except those who have a critical trade and can get the proper prices. With ordinary care and culture, or with the masses, it will be a disappointment, but under special care and cultivation, mammoth round flowers of surpassing substance and quality will be produced. Packet, 125 seeds, 30c. Trade packet, 2,000 seeds, \$2.40. Trade packet, 5,000 seeds, \$4.80. Ounce, \$12.00. Strong plants, 100, 90c.; 1,000, \$8.00.
